GOVERNMENT ARTS AND SCIENCE COLLEGE, KOZHINJAMPARA

TITLE: REPORT OF INDUSTRIAL VISIT TO MALAYALA MANORAMA PRINTING PRESS, AROOR

DATE: 5 OCTOBER 2018

The Industrial Visit to Malayala Manorama Printing Press in Aroor, Alappuzha district, was organized for the B.A Functional English V semester students of Government Arts and Science College, Kozhinjampara on 5th October 2018. The visit was arranged as a part of the field trip associated with the electronic media paper, which was included in the sixth-semester syllabus. The primary objective of the visit was to familiarize the students with the structure and functioning of a Newspaper Printing Press.

The journey commenced at 6 a.m., with fifty students accompanied by three teachers. The team reached the Malayala Manorama Press at around ten o'clock in the morning. Upon arrival, the students were provided with refreshments to energize them for the informative session ahead. The class was then divided into five groups, each comprising ten students, to facilitate a more interactive and engaging experience.

During the visit, the students were introduced to the latest trends in printing and publishing. They had the opportunity to witness firsthand the entire process of newspaper production, from typesetting to printing and distribution. It was a valuable learning experience as they observed how the dailies are prepared and made ready to reach a vast audience.

After an insightful session, the team enjoyed a satisfying dinner and began their return journey to the college. They reached the campus at 10 p.m. with a plethora of new knowledge and experiences gained during the industrial visit.

The industrial visit to Malayala Manorama Printing Press provided the students with practical exposure to the functioning of a newspaper press and offered them a deeper understanding of the media industry. Such field trips play a crucial role in enhancing students' learning and academic growth by bridging the gap between theory and practical application.

27 September, 2018

The Principal,
Govt. Arts & Science College,
Kozhinjampara,
Nattukal P.O.
Palakkad 678 554.

Dear Sir,

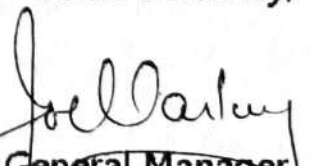

Sub: Visit to Malayala Manorama Press at Aroor

Based on your request, permission is hereby granted to 36 students along with 2 faculty members of your College to visit the Malayala Manorama Press at Aroor on 5th October, 2018 at 10.00 a.m.

Visit to the Press will be permitted only up to 9.30 p.m. after which the printing activities start. Once the printing activities start, visitors are not allowed into the press area. They can see the printing from the adjacent room only. This may please be noted.

Regards,

Yours Sincerely,

Dear Sir

Sub: Requesting permission for News Paper Office visit.

This is a request letter to seek your permission for News paper Office visit to your Kochi office. As per university norms, V semester B A Functional English students are expected to visit prominent newspaper offices for an exposure to the latest trends. The total number of students would be 36 accompanied by faculty members.

We would be immensely grateful to you if you could allow us to visit the office on 5 October 2018. Please consider our request and inform us whether a change of date is required.

Thanking You

Yours faithfully

Industrial visit to Milma, Kalleppully, Palakkad

Industrial visit for second year BSc (2017 -2020 batch) and second year MSc (2017–2019 batch) Microbiology students of Govt. Arts and Science college Kozhinjampara was conducted on 13th November 2018 to Milma factory Kalleppully, Palakkad. A total of 35 students accompanied by Dr. Robert Antony A and Dr. Nissy participated in this program. The trip started at 8 am through line bus from the college campus and reached Milma Company by 10 am. On reaching students were given time to freshen up and were accompanied by factory workers and technicians to guide students throughout the factory. Firstly, the factory manager given an outline of the factory infrastructure and working mode of company to the students through the computer.

On next part of the visit, students were carried to milk collection centre (from Lorries). Students observed collection methods, asked the information about the level of milk from different parts of collection regions. After students immediately taken into milk sterilization techniques section. Technician explained the details of sterilization methods, storage, instruments used etc to all the students and teachers. After that all them taken to testing laboratories including, microbiological and biochemical lab. The project fellows (SRF and JRF fellows) and technicians explained the working principle of different instruments to the students even the teachers also. Students were collected the information, photos and notes very interestingly. Ultra pasteurization techniques and usual other routine laboratory instruments were shown and explained by the institute fellows. Then students take to milk packing and curd production section. Different packing mechanisms were followed by the company based on the level of fat present in the milk including green, blue, orange colors etc. What are the technique and microorganism used for the curd production was well explained by the workers.

After the lunch at company canteen students were taken to the waste water treatment plant located inside the company. Different stages of waste water

treatment were observed by the students including aerobic bond, trickling filter system, anaerobic digestion etc. Students enjoyed and clarified the doubts from the institute scientists and students. This industrial visit gave students opportunity to saw and understand different instruments, techniques and their working principle of milk sterilization, purification, packing and transportation. This visit also gave a time to spend and got the information from Milma scientist, workers and project fellows. Finally the IV was wrapped at 4 pm at Milma Company and reached to the college at 6 pm with lot of memories and information.

Milma company front view and milk collection centre

Sterilization section and technique explained by the company technicians

Curd production section and cream separation section

Packing section and Transport section of the company

Waste water treatment plant techniques explained by the company experts

MEDIA VISIT

III B.A. Govt Arts & Science College, Kozhinjampara

We started our journey to Calicut from our college campus on November 6th 2019. It was a nice trip which we enjoyed a lot. Our destination was Media One Academy, Calicut. Calicut is a coastal city in Kerala. Our first intention was to visit Media One academy. A guide accompanied us as we toured along the Media One studio. It is definitely a unique as well as an advanced well-equipped media academy in Malabar. It was our first close experience with a channel. We spend three hours in there getting ourselves acquainted with paraphernalia of the studio. The spectacle of the infrastructure and equipments of the studio was not only captivating but also informative. We were fortunate to watch a live news reading which was indeed the most memorable experience.

A visit to Calicut is incomplete without enjoying the mouth- watering Kozhikodan biriyani. After having lunch we paid a visit to the legendary Sweetmeat Street (Mittai Theruvu) and Kozhikode beach. We bid farewell to Calicut around 6 o' clock and reached college by 11p.m.

Dear Dr.Seethalekshmi

Greetings from LKW! It was great talking to you a while back.

Please find below the details of the proposed **Investor Education Program** (conducted at ***NO COST*** to the College) which we wish to schedule for your students in this month.

As part of the **BOMBAY STOCK EXCHANGE (BSE)**'s Initiative to spread **CAPITAL MARKET AWARENESS** has mandated our company, **LOTUS KNOWLWEALTH (LKW)** as its **KNOWLEDGE PARTNER** to conduct an Webinars of a duration of 60-75 minutes & Q&A of **Graduate and Post-Graduate Colleges (all Disciplines)**.

The Program will be conducted at Zoom platform for a minimum of 50 participants per program.

As part of its mandate, LKW will conduct these Programs at **NO COST** to the College and it will benefit the students in terms of enhanced Capital Market Knowledge and Awareness as well as the ability to make more informed Investment Decisions.

The topics covered in this Program will include :

- 1) Capital Market Offerings
- 2) Do's & Don'ts of Investing
- 3) Rights & Duties of Investors
- 4) Asset Class Offerings
- 5) Mutual Funds & Financial Planning
- 6) Power of Compounding

A record of the Colleges that facilitate this Program will need to be provided to the BSE. We will thus need the College to certify each Program that is conducted via an email in a prescribed format from an ' Official ' email ID of the college on completion of the program. Please note that this is an Investor Awareness Initiative and its use for any form of promotion / publicity by either LKW or the Educational Institution is expressly prohibited.

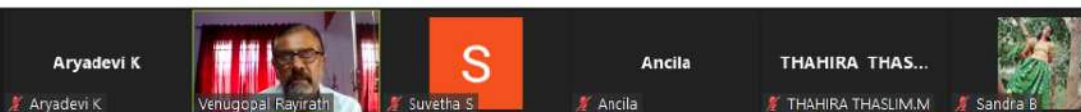

As the Program is a funded initiative there will be **NO COST to the college**. These programs have been simplified enough for graduates as well as non-finance students to understand and benefit from.

How the Capital Market Operates

☐ e-trading ☐ De-Materialization

- BOLT on-line Trading System at BSE
- Shares held in electronic format (Non-Physical)
- Benefits:
 - Lower Transaction Costs
 - Increased Liquidity & Transparency
 - Greater Competition
 - Time Efficient & Automated
- Facilitates electronic settlement of trades
- Maintained & monitored by Depository Participant (DP)

Words by Warren Buffet

- ❑ **On Earning:** "Never depend on single income. Make investments to create a second source".
- ❑ **On Spending:** "If you buy things you do not need, soon you will have to sell things you need".
- ❑ **On Savings:** "Do not save what is left after spending, but spend what is left after saving".
- ❑ **On Taking Risk:** "Never test the depth of river with both the feet".
- ❑ **On Investments:** "Do not put all eggs in one basket".
- ❑ **On Expectations:** "Honesty is very expensive gift. Do not expect it from cheap people".

Subject: PPT, Profile, Attendance Sheet and Letter Format for the BSE Seminar on 13th December, 2022 Tuesday

To: seethalekshmimp36 <seethalekshmimp36@gmail.com>

Dear Dr Seethalekshmi

Please find attached the following files required for the Program scheduled on Tuesday, 13th December 2022, at 11.00 am for your B.com students. **(for a minimum of 60 participants)**

- 1) **PPT** - need to be downloaded and uploaded on the projector before the session commences.
- 2) **Attendance Sheet** - College needs to handover the attendance sheet with a **college stamp over it** and filled by the students consisting of the Name, Email id and Signature column. The format of the Attendance Sheet is attached in the mail.
- 3) **Letter** - The print of the Letter needs to be taken on the College Letter Head bearing the College stamp and signed by the Authorized person. The format of the Letter is attached in the mail.
- 4) After the completion of the program kindly **hand over the Attendance Sheet, Letter and if possible the photographs to our Resource Person** as per our reporting requirements.

Request you to also click 5-6 photographs (soft copy) and mail us the same as soon as the session gets over so that we can forward the same to our authorities.

Kindly confirm receipt of the files at your kind convenience.

Thanks & Regards,

ACTIVITY REPORT 2022-2023

Name of Club: Department of commerce

Month: January 2023

1	Title	Industrial Visit-2021 ADM
2	Date	27-01-2023
3	Location of the event	Oushadhi Factory Thrissur & SEBI Kochi
4	Organized by	Department of Commerce
5	Funding agency (if any)	Department of Commerce
6	Objective	To know about industrial organisations works
7	Name and Designation of the key speaker/s	NA
8	Topic	Industrial visit to Oushadhi Factory Thrissur & SEBI Kochi
9	Program Summary	The IV started at 5.30 from the College and reached Oushadhi factory at 8.30. All spend about 1hr there and started journey to Ernakulam we had a journey in Metro and reached SEBI at 1.30. There was an awareness programme on Capital market, Mutual fund etc., for 1hr then we visited LULU Mall. At 5 pm we returned to Palakkad.
10	No of Active Participants Teachers Students Others	71 3 68
11	Response of the Participants	All students Actively participated in the programme
12	Outcome of the programme	Students got awareness about various activities done in Oushadhi factory, its products storage facilities etc. Students also gained awareness on Capital market, its functioning ,various concepts related to investment etc..
13	Any other information	NA
14	Report prepared by	Ramesh K, Asst. Prof, Department of Commerce, GASCK

INDUSTRIAL VISIT TO IRTC MUNDUR

Industrial visit for IInd year BSc Microbiology students of Govt Arts and Science college Korzhinjampara was conducted on 29th November 2022 to IRTC (**Integrated Rural Technology Centre**) Mundur. A total of 46 students accompanied by Dr. Robert Antony A and Mrs. Aameena. I participated in this program.

A 50-seater bus was arranged for transportation, the bus started from the college campus at 9 :00 am and reached IRTC by 10 :00 am. On reaching students were given time to freshen up and were split into two groups with 23 students in each group. The two groups were accompanied by an IRTC member to guide students throughout the campus. Firstly, the students were shown the beautiful art of pottery and what equipment's were used to make these pieces and were given awareness on each stage of this process. Then the vermi composting plant was explored where each stage of compost was shown, importance of earthworms along with the procedure and precautions were briefly explained, afterwards a fun with science session was conducted where studying science was made interesting with models and hologram. Fun with science session was followed by the visit to the

microbiology laboratory where different techniques to estimate the count of bacteria in water was explained. Next, students were introduced to the automatic weather station, afterwards mushroom, fisheries and aquaculture unit was explored where students learnt about mushroom and fish culture and how sustainable farming works, students also got to see high intensity fish farming and got to know about bio flocs where a greater number of fishes can be cultivated in a relatively small area, intensive farming was also introduced to students. Next, all the students assembled in the auditorium for an interactive session with Director of research Prof.P. K Raveendran who explained the establishment of IRTC and how it works towards promoting rural technologies and how it provides sustainable training for people. The industrial visit was wrapped up with lunch for students and faculties.

This industrial visit gave students the opportunity to understand sustainable way of living and how rural technologies can be applied in our day-to-day activities.

GOVERNMENT ARTS AND SCIENCE COLLEGE, KOZHINJAMPARA

TITLE: REPORT OF INDUSTRIAL VISIT TO MANORAMA CHANNEL, AROOR

DATE: 25 JANUARY 2023

The Industrial Visit to Manorama Channel office and studio in Aroor, Alappuzha district, was organized for the B.A Functional English VI semester students of Government Arts and Science College, Kozhinjampara on 25th January 2023. The visit was conducted as a part of the field trip associated with the electronic media paper, which was included in the sixth-semester syllabus. The main objective of the visit was to familiarize the students with the structure and functioning of a TV channel.

The journey commenced at 6 a.m., with fifty students accompanied by three teachers. The team reached the Manorama Channel office and studio at around ten o'clock in the morning. Upon arrival, everyone was provided with refreshments before dividing the class into five groups, each comprising ten students.

As both the entertainment channel (Mazhavil Manorama) and the news channel (Manorama News) were functioning in the same complex, the organizers arranged for one group to visit one channel at a time. One group was taken to the news channel, where they witnessed the live recording of a news bulletin and were shown various recording and communication devices. They observed how visuals from other studios and the field were incorporated into the news bulletin, along with captions, scrolls, logos, slogans, and advertisements.

Another group had the opportunity to visit the entertainment channel, where they watched the recording of a reality program. They observed the editing process and how live directions were communicated to the presenters on stage. This experience provided valuable insights into the management of time and space in visual media.

After a fulfilling lunch, the team proceeded to the Kochi Biennale, where they were exposed to various installations and art forms at Aspirin Wall, Kochi. The students witnessed how art can depict the world in diverse shades and narrate the stories of life using myriad voices. It was a refreshing and enlightening experience for all the students.

The team returned after dinner and reached the college around one o'clock at night. The industrial visit to Manorama Channel and the Kochi Biennale provided the students with practical exposure to the workings of a TV channel and the world of art. Such field trips play a crucial role in enhancing students' learning and understanding of their respective fields by offering hands-on experiences.

CERTIFICATE

This is to certify that **Ms. Gayathri. K. M** of second year Bsc Microbiology, Govt. Arts and Science College has successfully completed her internship from PVT Merit Biolabs, Cochin from 10.04.2023 to 10.05.2023, under my guidance in partial fulfillment of BSc. Microbiology.

During the course of her intership she has been associated with following area:

1. Isolation and identification of Cellulase-producing bacteria using Biochemical and Molecular techniques, Gram's staining, Biochemical analysis like, IMViC test, Molecular techniques like DNA extraction, Agarose gel electrophoresis, PCR analysis & Sequencing.
2. Different Antibiotic sensitivity Test
3. NABL lab visit and experience.
4. An Industrial Visit to Nitta Gelatin India Ltd , Koratty was undertaken to understand the systems & process in an organization.

She has outstanding passion to explore the nuance of various subjects.
I wish her all the best in her future endeavours.
